Desirable Property for Rent

The first of the year finds me with two properties vacant—my mother's residence on Copper avenue; twelve rooms, bath room and toilet downstairs and one upstairs, a fine cement basement and washroom with fine furnace. Also the Eleventh street property; connected with the sewer, electric lights, five rooms and five acres of ground. Would be fine for anyone wanting to raise chickens. A number of chicken houses, several acres seeded to alfalfa and a number of apple trees; also sufficient ground for a fine garden. I will rent these two properties cheap, but am particular about the tenants; they must be responsible and lease for one year. See—
